WHAT WE ASK OF YOU

Our *standards*

- ✓ Authentic vidhi performed with correct mantras and full sincerity
 - ✓ Punctuality — arrive or join the video on time at the agreed muhurat
 - ✓ Clear communication with the family in their language (Hindi / English / regional)
 - ✓ Bring or arrange the correct samagri as agreed for the ceremony
 - ✓ Treat every family with respect, patience and devotion
 - ✓ Share photos / video of the completed puja for online & on-behalf bookings
-

How to perform a puja *over video*

Online and on-your-behalf pujas are complete rituals. Here is how to conduct them to the PriestBooking standard so the family feels fully present.

1 Set up before the call

Arrange your puja sthal, samagri, kalash and lamp in advance. Ensure good lighting, a stable connection (WhatsApp/Zoom/Meet) and that the deity/altar is clearly in frame.

2 Greet & take the sankalp

Greet the family, confirm their name, gotra and intention, and take the sankalp clearly in their name. Explain briefly what you will do so they can follow.

3 Perform the full vidhi

Conduct the complete ritual with mantras, abhishek, jaap and havan as the puja requires — exactly as you would in person. Invite the family to fold hands and offer along at key moments.

4 Aarti, blessing & proof

Close with aarti and blessings. Take clear photos and a short video of the completed puja. Confirm prasad courier details if the family has requested it.

For pujas performed on the family's behalf

When the family is not attending live, perform the ritual at the agreed muhurat with the sankalp in their name, then send photos, a video and prasad. The merit is theirs — conduct it with the same devotion as a live ceremony.
